

SHUN TONG Wood Co., Ltd

<https://www.biojxcutlery.com>

A professional factory focusing
on the production of high-
quality wooden cutlery

SHUN TONG Wood Co., Ltd

TONG

Shuntong Group, an enterprise that has taken root in the beautiful land of Mudanjiang since 2006, has developed into a group enterprise integrating production and sales after 18 years of unremitting efforts, and is in a leading position in the disposable tableware industry. Shuntong Group's predecessor was Shuntong Wood Products Processing Factory. After the precipitation of time and the accumulation of technology, we gradually expanded our scale and now have four major production bases in Mudanjiang, Qingdao, Heze, Taining, Fujian and other places. In order to further expand the market, we have set up foreign trade departments in Mudanjiang and Qingdao to promote our products to the international market.

Not only that, in order to better serve global customers, Shuntong Group established an overseas factory in Latvia, Europe in 2017 to ensure a stable supply of raw materials. All our raw materials come from FSC-certified and well-managed forests, which means that our products are not only environmentally friendly, but also of high quality. At the same time, we also strictly abide by EUTR regulations to ensure that our products meet international environmental standards.

Our team brings together industry elites, attaches equal importance to R&D and production, and adheres to high standards. From production to sales, to thoughtful after-sales service, we always pursue excellence, ensure that customers enjoy the best product experience and extraordinary value, and demonstrate professional quality and industry standards. Shuntong Group has established close cooperative relations with many well-known brands, which is not only a recognition of our product quality, but also an affirmation of our brand value. Our products have been exported to 52 countries around the world and have been loved and trusted by consumers all over the world.
